Recipients shall submit requests for payment using SF 270, Request for Advance or Reimbursement, no more frequently than monthly. Payments will be made upon approval of the GOTR in accordance with Paragraph 7 of the schedule. A SF 270 can be downloaded from <http://www.onr.navy.mil/02/024/forms>.

2. ALLOWABLE COSTS

The allowability of costs incurred by educational institutions that may be recipients or subrecipients of awards subject to this part, or contractors under such awards, is determined in accordance with the provisions of OMB Circular A-21, "Cost Principles for Educational Institutions." Where a funding period is specified, a recipient may charge to the award only allowable costs resulting from obligations incurred during the funding period and any pre-award costs (see Sec. 32.25(d)(2)(i)) authorized by the DoD Component. This regulation may be obtained via the Internet at <http://www.whitehouse.gov/OMB/circulars/index.html>

3. COST-SHARING

Cost-sharing amounts, if any, identified in the agreement documents must meet the allowability test of the appropriate cost principles identified in Article 2 of these Terms and Conditions, and governed by 32 CFR 32.23. If, at the end of the agreement period, the actual cost of the research project is less than the project cost negotiated, the actual cost will be allocated between the Government and the Recipient in the dollar ratio originally proposed. Excess Government funds shall be returned to the government. If the grant officer approves a significant departure from the original research objectives, the Recipient may request that the negotiated cost-sharing agreement be adjusted.

4. PROGRAM INCOME

The recipient shall account for program income related to this agreement in accordance with 32 CFR 32.24 as follows:

a. Except as provided in paragraph 'e' below, program income earned during the project period shall be retained by the recipient and, in accordance with the terms and conditions of the award, shall be added to funds committed to the project by the DoD component and recipient, and used to further eligible project or program objectives.

b. Program income in excess of any limits stipulated shall be deducted from the total project or program allowable cost in determining the net allowable costs on which the Federal share of costs is based.

c. Unless program regulations or the terms and conditions of this agreement provide otherwise, the recipient shall have no obligation to the Federal Government with respect to program income earned after the end of the project period.

d. Costs incident to the generation of program income may be deducted from gross income, provided these costs have not been charged to the award.

e. Unless program regulations or the terms and conditions of this agreement provide otherwise, the recipient shall have no obligation to the Federal Government with respect to program income earned from license fees and royalties for copyrighted material, patents, patent applications, trademarks, and inventions produced under this agreement. Note that the Patent and Trademark Amendments (35 U.S.C. chapter 18) apply to inventions made under an experimental, developmental, or research award.

5. REVISION OF BUDGET/PROGRAM PLANS AND AMENDMENT OF THE COOPERATIVE AGREEMENT

a. The only method by which this Cooperative Agreement can be amended is by a formal, written amendment signed by the grants officer. No other communications, whether oral or in writing, are valid. However, prior written approval of the grants officer is not required for the following actions in accordance with 32 CFR 32.25:

(1) Incurring pre-award costs ninety (90) calendar days prior to award (incurring pre-award costs more than ninety (90) calendar days prior to award would still require the prior approval of the grants officer. All pre-award costs are incurred at the recipient's risk (i.e., the Federal awarding agency is under no obligation to reimburse such costs if for any reason the recipient does not receive an award or if the award is less than anticipated and inadequate to cover such costs). Pre-award costs, as incurred by the recipient, shall be necessary for the effective and economical conduct of the project, and the costs must be otherwise allowable in accordance with the appropriate cost principles;

(2) Carrying forward unobligated balances to subsequent funding periods;

(3) Transferring amounts budgeted for indirect costs to absorb increases in direct costs, or vice versa; or

(4) Transferring of funds among direct cost categories, functions, and activities for awards except as provided in Paragraph b(5) below, however, no federal appropriation or part thereof may be transferred to be used for purposes other than those consistent with the original intent of the appropriation.

b. Recipients shall report deviations from budget and program plans, and request prior approvals for budget and program plan revisions, in accordance with 32 CFR 32.25, including but not limited to the following approvals required by OMB Circular A-110:

(1) Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).

(2) Change in a key person specified in the application or award document.

(3) The absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

(4) The need for additional Federal funding.

(5) The inclusion, unless waived by the DoD Component, of costs that require prior approval in accordance with OMB Circular A-122, "Cost Principles for Non-Profit Organizations," as applicable.

(6) The transfer of funds allotted for training allowances (direct payment to trainees) to other categories of expense.

(7) Unless described in the application and funded in the approved awards, the subaward, transfer or contracting out of any work under an award. This provision does not apply to the purchase of supplies, material, equipment or general support services.

c. DoD Components shall require recipients to notify the grants officer in writing promptly whenever the amount of Federal authorized funds is expected to exceed the needs of the recipient for the project period by more than \$5000 or five percent of the Federal award, whichever is greater. This notification shall not be required if an application for additional funding is submitted for a continuation award.

6. AUDITS

Recipients and subrecipients that are institutions of higher education or other non-profit organizations (including hospitals) shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 U.S.C. 7501-7507) and revised OMB Circular A-133 "Audits of States, Local Government, and Non-Profit Organizations."
